Dear Mr. Perkins:

On August 5, 2004, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of Liberty Research Company, Inc. (LR). The purpose of the inspection was to determine LR's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, LR was issued Letter of Deficiency No. WMD 04-16 (the "LoD"). Based upon a review of LR's final submittal received on October 26, 2004, DES has determined that your facility has corrected the deficiencies identified in the LoD.

Please be advised that DES will continue to monitor LR's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Eric K. Abrams or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,

John J. Duclos, Supervisor
